## Press Release

### **Bray International Inc. Announces Sales & Distribution Partnership with a Range of Aquestia Products.**

[Houston, TX USA, September 25, 2024] – Bray International, leader in flow control solutions (Isolation & Control valves, Actuation, and Controls) is excited to announce a strategic partnership with Aquestia, renowned for its A.R.I. Air Valves, Dorot and OCV Hydraulic Control Valves. This collaboration marks a significant advancement in Bray International's commitment to providing top-quality products and services, particularly in the mining and metals markets.

As part of this agreement, Bray International will serve as the exclusive sales and distribution partner for Aquestia's Air Valves and Hydraulic Control Valves across North America, South America, Europe, and the Africas, specifically for the mining sector. This partnership allows both companies to leverage their strengths, enhancing their product offerings and creating added value for customers in these regions.

#### **A Partnership for Growth and Innovation**

The collaboration between Bray International and Aquestia is rooted in a shared vision of growth and innovation. By integrating Bray International's extensive network with Aquestia's specialized solutions, we are well-positioned to address the evolving needs of the flow control industry. This partnership aligns perfectly with our mission to expand our product range and simplify the purchasing process for our customers.

#### **About Bray International**

Bray International is a global leader in the design, manufacture, and distribution of flow control solutions. With a focus on innovation, quality and global support, Bray International has established a reputation for excellence in the industry.

#### **About Aquestia**

Aquestia is a world leader in providing advanced hydraulic solutions for optimal management of liquid conveyance systems. Bringing together three strong brands - A.R.I., DOROT and OCV - Aquestia combine decades of experience, a wealth of knowledge and expertise, and a wide range of solutions and services, serving customers in the mining segment.
